AMENDMENT
(37 C.F.R. § 1.121)

In response to the Office Action mailed January 6, 2003, please amend the above-identified application as follows:

RECEIVED

JUL 10 2003

In The Claims:

Please amend Claims 12, 13, 17-19 and 47 as follows:

GROUP 3600

12. (Amended) The system of claim 11 wherein the user interface arrangement includes a page generator that dynamically generates an html page containing a description of the package, and transmits the html page over a decentralized computer network to at least one consumer web browsing appliance.

13. (Amended) The system of claim 11 wherein the user interface arrangement also elicits at least one constraint from a consumer, and selects or rejects the package template based at least in part on the elicited consumer constraint.

17. (Amended) The system of claim 11 wherein the comparator includes a database engine that searches the computer database for items having affinity coordinates matching the affinity space description associated with the package template.
